

## In the Bay Business Group Newsletter - Calvert County, MD

December 14<sup>th</sup>, 2011

### Would your business benefit from more consumers?

InLineAdz has set up a economic stimulation program for local businesses like yours. Advertising is not enough if the consumers do not know who you are. Businesses must Brand themselves and be well known in the community for advertising to work.

Branding is what InLineAdz can do for you at a cost of about the same as your cup of coffee per day. **We have screens in both Sneade's Ace Home Centers as well as the first screen in the state which is Roland's Grocery store.** The exposure for all 3 screens is about 3,000 local consumers per day. Could your business use that kind of exposure?

**I am offering all the BBG members 20% off any of our packages until Dec. 23rd. Get ordered now and we will have you up and running for the New Year.**

As an added incentive we will provide your business with a free 5 page website with 5 email addresses which you can change monthly when you buy a Branding Style Ad at regular price. If you already have a website we will optimize the website you already have directing more people to your existing website.

With packages starting at \$800.00 per year how can you not look into this? Please feel free to contact me at [bruce.powers@inlineadz.com](mailto:bruce.powers@inlineadz.com) or call me at 410-474-0410. Let's make 2012 your year to add consumers to your business. Thank you, Bruce Powers
