Retailers are finding that they can generate higher profits with online shopping vs. traditional 'brick and mortar' sales. Thus they are offering additional incentives to consumers, in the form of instant "cash back", to shop online. By offering this program as an employee benefit, from your association with InLineAdz, it makes a good thing even better. To implement this program your InLineAdz rep can conduct a short "lunch and learn" training, to get your employees connected, shopping online and getting cash back right away...

HOW WE DO IT...

Partner Benefits Program

InLineAdz has partnered with an online shopping portal to offer CASH BACK benefits to our customers.
